

Private Pilot Add-On

Provider: Alyeska Helicopters

Length: 2 Months

Cost: \$10,545

Cost Unit: Cost of the entire program

Website

<http://www.alyeskahelicopters.com/programs/private-pilot-add-on>

This program is designed for the student who has a Private Pilot Certificate with Airplane Rating and wishes to add a Rotorcraft Rating to that Certificate. A Private Pilot Certificate allows the pilot to fly for recreation with or without passengers and to share operating expenses with them, but prohibits the pilot from conducting flights for compensation or hire.
